5,000 GIRLS SWIM

Club for Association Girls  
Prosper and Health De-  
partment Well Attended

**Special to The World.** May 31.—The Y. W. C. A. is doing much to promote better social and educational conditions among the women and girls of the city, according to figures just given out by that organization, which is housed in one of the most completely equipped apartment buildings in the south-west. More than 2,500 women and girls attended the gymnasium classes during the last year, and in addition to the gymnastic work, there were hikes and socials, while a total of 5,000 girls were in swimming in the swimming pool, which shows that the swimming classes were popular with the boys and girls of Bartlesville. Forty girls and women were taught how to swim.

Also, a girls' club for those who were active in the Y. W. C. A. work was organized during the year with a membership of 26. The club held a number of social affairs during the year with a total attendance of 240. A total of 450 attended the education division of the girls' and women's department and heard talks on health and on sex hygiene. The average membership in this department was 230. The total number of those attending all the activities of the Y. W. C. A. during the year reached the figure of 3,824, which is considered one of the remarkable achievements of the association's work in Bartlesville.

## APRICOT MASH FOR STILL

**Special to The World.** May 31.—Sheriff L. M. Hughes and Deputy Ben Cochran and two other men captured the finest snake still yet found in the county Sunday when they raided the farm of G. W. Hayden, near Holey. The still was a 10-gallon all copper affair and was located in an out-house near the barn.

A barrel of pure apricot mash was destroyed with 200 gallons of mash, and 200 pounds of sugar was brought in. The sheriff was accompanied by one of the deputies to Holey to get a truck to haul the still to the county seat. Hayden is a prominent negro of the Holey neighborhood and owns a 150-acre farm near Holey. He made an appearance bond Monday.

## IS IN JAIL FOR ASSAULT

**Special to The World.** May 31.—Hardy Hurst, a 35-year-old negro, is in jail here charged with rape on the person of a 15-year-old negro girl, Eva Horn, living with her family on a farm near Holey. The crime is charged to have taken place some four months ago but the girl has never told anyone of the assault.

Her stepmother learned of her condition and as soon as the child's father was told of the crime he came in and swore to a complaint. Hurst was arrested Sunday by Sheriff L. M. Hughes and is now in the county jail. Hurst admitted his guilt to Hearn at the time of his arrest but after entering the jail he has denied the charge.

## Save on Binding Twine.

**Special to The World.** May 31.—The value of co-operative efforts on the part of farmers to eliminate the middleman and get goods at fair prices is realized by the farmers who have combined their purchasing power and ordered 3,000 pounds of binding twine at a great saving.

## Everything of Zinc.

**Special to The World.** May 31.—The Oklahoma Zinc Products company of this city is said to be the only concern in the world engaged in the manufacture of zinc products exclusively. Oliver Greenstreet, the head of the company, is the inventor of a shingle, a dinner pail, a washer attachment, and a washing machine, all of which are made of zinc. The factory is also making and selling zinc washboards in large quantities, probably using more zinc than any concern in the west.

## New Officers Must Sign.

**Special to The World.** May 31.—The wheat growers local of the Tonkawa district have elected officers for the coming year as follows: Fred Lilly, president; J. T. Robinson, vice-president; L. P. McDaniel, secretary; treasurer; and W. E. Smith and J. H. Lucas, directors. All officers now being elected must first sign the contract turning their wheat crops in the association for sale for the year, in order to qualify.

## Wolotka Gets the Scoring.

**Special to The World.** May 31.—The Okemah baseball team suffered two defeats at the hands of the Wolotka team last week, the first being Wednesday when the Wolotka boys trounced them by a score of 4 to 1, the same being played at Wolotka. Friday the home team met the same team on the home grounds, but the results were worse and more of it, the score being 4 to 0 with Wolotka taking the big end of the count.

## Revival Interest Grows Too Big for Church and Tent Is Erected

**Special to The World.** May 31.—The revival being held here by the M. E. church, south, has been going on a week and the interest and attendance is so great that the church building became too small to hold the crowds. An outdoor tabernacle has been erected which not only will accommodate the people but will be much needed by Rev. M. A. Cassidy, an evangelist from Ada, in charge of the revival.

**O. C. Attorneys Warn R. K. R.** OKLAHOMA CITY, May 31.—Warning that no organization would be permitted to use violence here, was issued today by county Attorney Forrest Hatcher. This followed his statement that he knew the Ku Klux Klan was operating in Oklahoma City.

## BEGIN KIWANIS PARK

New Playground to Be Beautified and Made a Refuge for Children's Play.

**Special to The World.** May 31.—Teachers will begin the work of grading the site of the new community park, which is to be located at Eleventh street and Shawnee avenue. This will be known as Kiwanis park, the suggestion for it was for park purposes having been made by the Kiwanis club and a fund for carrying out the work of converting the lot to park purposes having been donated by the Kiwanis.

The ground on the proposed park slopes toward the south and some of the ground from the high spot will be secured from the lower part, which is covered by a number of holes filled up. After this is done a layer of rich soil will be placed on the ground and flower beds will be set out. It is probable

that a playground for the children of the neighborhood will be incorporated in the park.

**Whiskey Men in Federal Court.** OKLAHOMA, May 31.—Action against the whiskey men of this city, arrested in Chicago, is being taken in the federal court for the county attorney. Last week, Major Tate, a Chicago official, was given a fine of \$100 at the federal court for the county attorney.

**Send Up Boy Horse Thieves.** MIAMI, May 31.—A hearing early Monday, June 1, and Tom Patterson, aged 22, have been sentenced in the county court to the state reformatory for the first for three years, and the latter for five.

**Auto Hits Old Lady.** NORTH MIAMI, May 31.—Having been frightened from a trailer, Mrs. W. W. King, an elderly lady of this place, received a painful injury Saturday morning when she was struck by an automobile driven by Dr. J. H. Burham. She received immediate medical aid, and her injuries are not thought to be dangerous.

**More Cattle Come to Range.** PONCA CITY, May 31.—Cattle continue to arrive from Texas and New Mexico points for pasture in the open and western range districts, which with the Kaw Indian country, constitute the only range left in northern Oklahoma. Thirty

# ANNOUNCING

The Greatest Phonograph Offer  
Ever Made in Tulsa

# The LaSallephone

The Phonograph With the Human Throat

You may perhaps think this statement is exaggerated, but we want you to read the meager description that we are able to give about the LaSallephone here, and the truly wonderful offer we have to make. When you have seen and heard the LaSallephone you will say that every statement made here is conservative, and that we do not do justice to this supreme superphonograph.

## WE HAVE ONE OF THE BEST PHONOGRAPHS ON THE MARKET

We want you to hear it. No other proof is quite so convincing as actually seeing and hearing an instrument. Anyone can make claims but seeing and hearing are proofs you cannot deny.

These instruments have been submitted to the severest tests. They have been submitted to artists and critics. They have been played in competition with the best machines of other makes.

We don't ask anyone to accept our word for the truth of these statements. All we ask is that you come in today or any time as soon as you can and make THE TEST and we are willing to rest the verdict on YOUR judgment.

## A Few Salient Features of the LaSallephone

### Three Point Amplifier Suspension

The amplifier is the part of the phonograph which takes the thread of tone created by the friction of the reproducer's point on the record and swells it into a thing of beauty. The LaSallephone amplifier is as perfect as the sound chamber of a master violin. It is constructed entirely of violin wood, seasoned and kiln dried by special process in especially constructed kilns.

### Powerful, Long Running, Silent Motor

The double or triple spring motor is another LaSallephone supreme feature. It has double or triple compensating springs, which run smoothly and silently. You will never hear grinding or scratching in the purring motor of the LaSallephone, as you do in listening to many other phonographs. Speed control, an automatic lid lift, and supremely lovely construction of the cabinet are other features you will admire and appreciate.

### Don't Take Our Word; Come and Hear It

We don't ask you to take our word for any of these claims. All that we ask is that you come and hear this wonderful instrument. Hear it, compare it with other makes, let them play side by side. You will not question the truthfulness of a single assertion made here. Nothing that money, brains and skill could contribute to making this phonograph the most perfect instrument, has been overlooked in its building.

### Plays Any and All Makes of Records

The SWEETONE reproducer is another distinctive LaSallephone feature. With the Sweetone it is possible to play any and all makes of records, whether those made to be played with steel needles, fiber needles, or jewel pointed reproducers. With this machine you need miss none of the great records by famous artists.

## OUR UNEQUALED OFFER!

The LaSallephone is sturdy, built to last a lifetime. Its lines are artistically beautiful. The workmanship in all details is perfect. It is made in three popular models of Oak, Walnut or Mahogany cabinet, and for a limited time we are offering this superb instrument at the following prices.

Regular \$150  
Model

\$90

Regular \$250  
Model

\$115

Regular \$350

Remember this is not a fake, every assertion is fully backed up with facts. If you have any intentions of buying a phonograph any time within the next two years, it will save you at least half the money to buy now. DO IT NOW, AS WE DO NOT KNOW HOW LONG THIS OFFER WILL LAST—SURELY NOT OVER SIXTY DAYS AT THE MOST.

## RINGWORM ON FACE AND NECK

Sore, Red and Itching Terribly.  
Cuticura Heals in 3 Months.

"My trouble was ringworm on my face and neck. At first I had little red pimples in circles and then they got dry and scaly. The skin around the ringworms was sore and red and itched terribly and I would scratch. This trouble lasted a good while before I started using Cuticura Soap and Ointment. After I had used them about a month I got relief and when I used them for three months I was healed." (Signed: Miss Helen Dulan, 644 Babington St., Baltimore, Md.)

Cuticura Soap daily and Cuticura Ointment occasionally prevent pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin.

A TRIAL WILL  
CONVINCE  
YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.
